

# About Us

## WHAT ARE WE DOING ?

TEKNOLIGHT designs, manufactures and sells professional lighting fixtures. In the commercial/decorative/architectural lighting sector, the latest technology is customized according to the customer's expectations and needs, lighting project support and cost-effective lighting solutions are provided.

## WHY TEKNOLIGHT ?

using the latest lighting technology, national and international market in commercial, industrial, health, etc TEKNOLIGHT that remains with a project portfolio, design, lighting calculation, serves to production and delivery since 2004.

It makes the production in accordance with the qualifications required by European standards. It passes the quality, control and testing stages with the R&D department and provides the fastest shipment to business partners developing special products in accordance with the customer's demand.

Architecturally creative designs, advanced emergency lighting systems, energy-efficient and high-performance products with a custom design that fits your needs or new lighting fixtures with complete solutions.

Thanks to our highly innovative and inspiring lighting expertise and the right product application, our project portfolio is expanding day by day.

## OUR MISSION

We focus on the professional lighting industry, work on how to differentiate from the market by applying the modern lighting method for our customers and contribute to the growth of their sales. We continue to learn the latest information in the lighting industry, apply the latest technology to improve our products and services, and then meet the expectations of our customers.

We have a wide range of products for various lighting needs, and we are also ready to make changes according to your Needs for some special projects.

Alüminyum enjeksiyon gövde ve soğutucu  
Metal çerçeve  
Yüksek saflıkta alüminyum ballshape reflektör  
Dar, orta, geniş açılı reflektör seçeneği  
Elektrostatik toz boyalı  
Temperli koruma camı  
Akülü olarak acil yanma süresi 1-3 saat

EN Die cast aluminium body with heatsink  
Steel frame  
High Purity Aluminium Ballshape reflector  
Die cast aluminium ballshape reflector  
Electrostatic Coating  
Tempered glass  
Emergency duration 1 -3 hours

Ağırlık / Weight (Kg)

Birim / Unit  
3,96 Kg
